

Tell a story through actions

Name _____ Date _____

01 Follow the window scheme

Watch the child and the Tramp, who repairs windows. Sketch or write three events in order.

The child acts 	→	The window changes 	→	The Tramp responds
--	---	--	---	--

How does the first action make the last action possible?

CHANGE THE ORDER

If we saw the Tramp arrive before we saw the window break, what might we think about his arrival?

His arrival might seem ...

02 Find care in an action

Choose a prop (an object used in a scene) or gesture from the baby-care scene.

I noticed ... He used or moved it by ...

This suggests he ... toward the baby because ...

A story in four shots

03 Make the action clear

Invent an everyday problem and tell a new story without dialogue. A shot is one camera view. Use an object and a clear gesture. Stick figures are welcome.

My object: _____ My character: _____

1 Show the problem

2 Show a choice

3 Show the action

4 Show what changed

PARTNER CHECK

Show only your drawings first. Ask your partner to tell the story back. Can they point to the problem, the choice and the changed result?

All three are clear [] One needs a clearer picture []

My partner wondered ... I will make this clearer by ...
